OPEN PROBLEMS ON GENERALISED BAIRE SPACES

The *Fifth Workshop on Generalised Baire Spaces* takes place in the School of Mathematics of the University of Bristol on 3-4 February, 2020, see `<https://philippschlicht.github.io/meetings/>`. This is a list of open problems that were collected and discussed at the workshop. We include a (probably incomplete) list of solved problems from the 2016 problem list. [1]

1. Solutions to the 2016 problem list

2. List of open problems

2.1. **Connections with model theory.**

Question 2.1.
