# Financial Support for Conferences - Scheme 1 Grant Application Form

Please refer to the Guidance (https://www.lms.ac.uk/sites/lms.ac.uk/files/files/forms/Scheme%201%20Guidance%20Notes.pdf)

## Details of Applicant

| Professor | Philip D. | Welch |
| | p.welch@bristol.ac.uk | |

## Institution of the Applicant

| **Institution** | University of Bristol |

## Details of proposed conference

| **Title of the conference*** | Generalised Baire Spaces |
| **Venue*** | University of Bristol |
| **Start date*** | 03-02-2020 | **End date*** | 04-02-2020 |
| **Estimated number of participants*** | 40 |

**❷ Will the meeting be open to all or only to invited participants?**

⦿ All
◯ Invited participants only

**Brief statement of the object of the meeting and its programme***

A large part of the funding will come from an (awarded) Marie Curie grant from Philipp Schlicht (Bristol) for 2018-20. This funding will be used for participants whose work is directly related to the Marie Curie project. This application is for the second main part of funding. It is intended for some of the main speakers and UK-based Ph.D. students. Further minor parts of the funding will come from conference fees and (to be confirmed) the British Logic Colloquium.

**❷ Upload an outline of Academic Justification**

[Choose File]  📄 Outline(1).pdf

❶ To change your selected file upload, simply select the file upload button again and select the correct file.
To delete the file to be uploaded (if you have selected a file), select the file upload button again and in the file browser window, simply select Cancel and the file upload selection should be empty
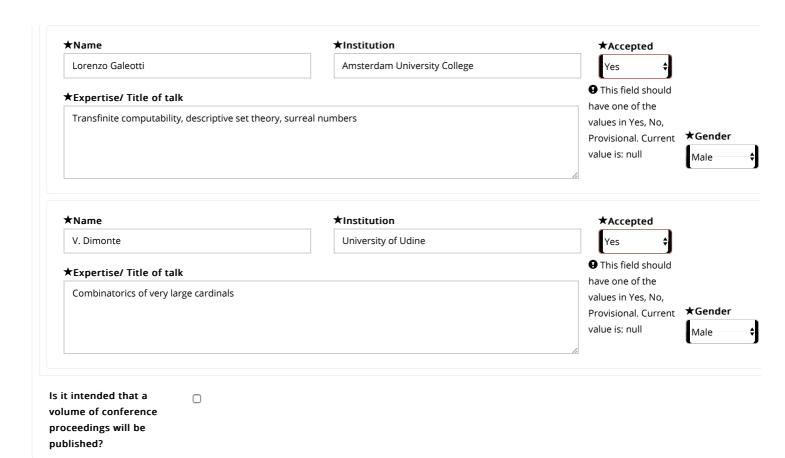

## Invited speakers

This should include the name, institution and area of expertise of each speaker.

Please indicate any who have provisionally accepted an invitation to attend and the gender of all speakers. The Society expects that the organisers of conferences who are seeking grants will invite both male and female speakers. Failure to comply with this policy is a common cause of rejection.

The full statement of the Society's policy on Women in Mathematics is available here (http://www.lms.ac.uk/sites/default/files/Mathematics/wim_statement.pdf). Consideration should be given to the provision of mechanisms to enable participation by people with children or family responsibilities.
